Good healthcare starts here

Our salary-banded myFED option is designed to take care of formerly uncovered employees' health, so that they can keep working and looking after their families.

Some of the great benefits include a free flu vaccine per year, certain oral and injectable female contraceptives and the myFED Baby programme.

On myFED members can look forward to:

- **Unlimited hospitalisation** at myFED network hospitals
- **Unlimited** contracted nominated GP visits
- **Screening benefit** that includes health and wellness screenings

88-year track record in healthcare

34.72% solvency

18 consecutive years of achieving a **AA- Global Credit Rating**

* As at 31 December 2023

Choose medical aid that leaves nothing to chance. Choose myFED from Fedhealth!

Fedhealth and Sanlam partnership – an exciting new door opens for healthcare in South Africa

The partnership between Fedhealth and Sanlam means a new chapter for both entities, which will benefit our members, brokers and other stakeholders alike. We look forward to stepping into this bright new future together!

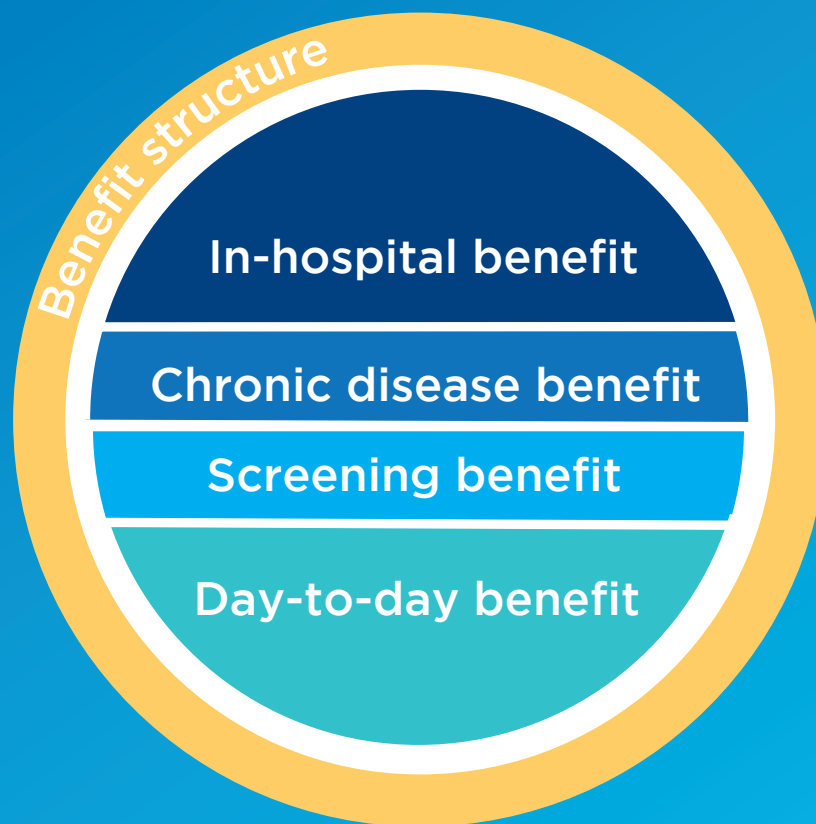

myFED option

myFED is an affordable, entry-level medical aid option that looks after the health of previously uncovered, lower-income employees. This option protects the health of members so that they can continue providing for their families.

Competitively priced, it's the perfect option to offer employees who've never had medical aid before. Some of its benefits include a free flu vaccine per year, unlimited visits at a contracted nominated GP, as well as the free Fedhealth myFED Baby Programme.

On myFED, members enjoy the following benefits:

- **IN-HOSPITAL BENEFIT** – No overall annual limit for hospitalisation at network hospitals.
- **CHRONIC DISEASE BENEFIT** – Members are covered for conditions on the Chronic Disease List (CDL). This is covered in full up to the Medicine Price List if the member uses medicine on the basic formulary. Members must make use of the following DSP pharmacies: Pharmacy Direct, Clicks Courier and Dis-Chem Courier.
- **SCREENING BENEFIT** – We pay for lifestyle screenings, wellness screenings like finger prick glucose and total cholesterol, blood pressure, waist circumference and body mass index (BMI), and physical screenings.
- **DAY-TO-DAY BENEFITS FROM RISK** – We provide comprehensive day-to-day benefits on myFED like unlimited contracted network GP visits.

PLUS, loads of additional value-added benefits like the myFED Baby Programme, oral and injectable contraceptives (acute formulary) and the Fedhealth Nurse Line.

Unique set of benefits paid from Risk

Fedhealth is the only medical scheme to cover **ALL** of the benefits listed below from Risk, and not the member's day-to-day benefit. This ensures a significant saving for members since they can use their day-to-day benefit for other expenses instead.

.....

Unlimited network GP visits

7 days of take-home medication up to R400

Trauma treatment at a casualty ward

Female contraception

Child rates up to 27 for children who are registered full time students

MORE INFORMATION 

Unique set of benefits paid from Risk

Unlimited network GP visits - myFED members can see their GP as often as they need by using a nominated network GP.

7 days of take-home medicine

We pay for 7 days' supply of take home medication, to a maximum of R400 per beneficiary per admission, when the member is discharged from hospital. The medicine can either be dispensed by the hospital and reflect on the original hospital account, or be dispensed by a pharmacy on the same day as the member is discharged from hospital.

Trauma treatment at a casualty ward

Emergency treatment, like stitches, at a casualty ward is paid for whether the member is admitted to hospital or not (unlimited up to the Fedhealth Rate). Authorisation must be obtained in 48 hours. A co-payment of R850 per visit for non-PMBs applies.

Female contraceptives

Oral and certain injectable contraceptives are paid for by Fedhealth. It must, however, be prescribed by a GP or gynaecologist and is not applicable to pills prescribed for acne.

A child will be covered at child rates up to the age of 27, if they are registered as full time students. If not, they will be covered up to the age of 21

Hospital Cover

UNLIMITED PRIVATE HOSPITAL COVER

FEDHEALTH NETWORK HOSPITALS*

Co-pay applies if not used for planned hospital procedures.

THIS BENEFIT COVERS:

Hospital account

Doctors and Specialists
e.g. anaesthetists

Fedhealth Network GPs and Specialists covered in full - non-network GPs and Specialists covered up to Fedhealth Rate.

Other healthcare providers
e.g. X-rays

270 hospital-based PMB conditions

DSPs, formularies and referrals may apply to avoid co-pays.

Pre-authorisation must be obtained for all **planned hospital admissions**.

EMERGENCIES: members must obtain authorisation **within 2 days after hospital admission**.

An emergency is unexpected, requiring immediate treatment to avoid lasting damage to organs, limbs or other body parts, or death.

**Network option members may be treated at ANY hospital in an emergency, but will be moved to a network hospital once stabilised or face the co-pay.*

MORE INFORMATION >

Hospital Cover

All Fedhealth options have an unlimited in-hospital benefit. Pre-authorisation must be obtained for all planned hospital admissions. For emergencies, authorisation must be obtained within two working days after going to hospital.

- The in-hospital benefit covers hospital costs and accounts from doctors, specialists e.g. the anaesthetist and the X-ray department.
- It also covers selected procedures in day wards, day clinics and doctor's rooms. Members must use facilities on the Fedhealth Day Surgery Network.
- Members must use the Fedhealth Hospital Network or pay a co-payment on the hospital account.

Cover for hospital admissions

- The hospital account is covered from the in-hospital benefit.
- Specialists and GPs on the Fedhealth network are covered in full. Specialists and GPs not on the Fedhealth network are covered up to the Fedhealth Rate up to a limit of R2 650 per family per year.
- Referral by a medical practitioner and pre-authorisation is required for physiotherapy, covered up to the Fedhealth Rate.

Prescribed Minimum Benefits (PMBs)

PMBs are a basic level of cover for a defined set of conditions.

By law, all medical schemes are required to cover the treatment of 270 hospital-based conditions and 27 chronic conditions, i.e. the Chronic Disease List (CDL), in full without co-payment or deductibles, as well as any emergency treatment and certain out-of-hospital treatment.

This means that all schemes must provide PMB level of care at cost for these conditions. In order for members to get funding in full, schemes are allowed to require members to use Designated Service Providers (DSPs) and apply formularies and managed care protocols.

- Fedhealth uses network specialists, network GPs and network hospitals for the provision of PMBs.
- Members must use a Fedhealth Network Specialist and a nominated network GP in order for the cost to be refunded in full.
- Should you not use these DSPs for PMB treatment, the Scheme will reimburse treatment at the non-network rate.
- Co-payments are applicable to the voluntary use of non-DSPs. Referral must be obtained from a Fedhealth Network GP for consultations with Fedhealth Network Specialists. If referral is not obtained, there will be a co-payment on specialist claims paid from the Risk benefit. Co-payments are option dependent.

Please note: Qualification for reimbursement as a PMB is not based solely on the diagnosis (condition), but also on the treatment provided (level of care). So although a member's condition may be a PMB condition, the Scheme would only be obliged to fund it in full if the treatment provided was considered PMB level of care.

Co-payments on certain procedures

A co-payment of R15 470 applies to elective Caesarian sections. Members must pay this co-payment out of their own pocket. This co-payment applies to the hospital account.

What qualifies as an emergency?

- An emergency is when the condition is unexpected and requires immediate treatment. This means that if there is no immediate treatment, the condition might result in lasting damage to organs, limbs or other body parts, or even in death.
- Members on network hospital options can get treatment for emergency medical conditions at any hospital, but once their condition has stabilised and they can be safely transferred to a network hospital, the co-payment will apply if they opt not to be transferred.

Screening benefit

Fedhealth's screening benefit was created to stretch members' day-to-day benefit by paying more from Risk. This benefit covers the tests and assessments done to help members either prevent illness or address specific conditions they may already have. Consultations are subject to available Scheme benefits.
